

A VERY WARM  
WELCOME  
IN OUR  
ARTE VIDA  
BOUTIQUE  
GUESTHOUSE

---

Dear guests,

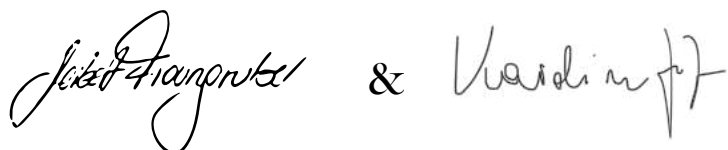

a very warm welcome to our arte vida guesthouse! It's our greatest pleasure you have chosen our place for your stay in Salzburg. We hope that you feel comfortable & just like home. We of course try our very best to make this possible.

Our arte vida boutique guesthouse was founded with the thought of a private, urban oasis in Salzburg's city centre. Designed for the cosmopolitan traveller, global nomad and the individual, arte vida aims to offer a relaxed, unique and comfortable atmosphere rather than traditional prestige and luxury. It's a place to switch off and unwind.

So please relax after a day in the city and dive into arte vida's subtle exotic touch – from the Mediterranean flair to Asian ambience. And all of this in the middle of the lively old town just around the corner of Mozart's residence, the main sights and cultural venues such as Mirabell gardens, Getreidegasse, theatres, the main festival hall, museums, as well as restaurants, bars and coffeehouses.

To make you feel even more comfortable you find some **practical information** on the next pages on how the guesthouse operates. We trust that reading this will help you feel at home. If you have any further questions please do not hesitate to contact us.

With our kind regards

## ARTE VIDA CHARITY DINNER

Every Thursday in July & August the extended arte vida family hosts charity dinners in our backgarden. The cooking teams decide on where the proceedings should be donated to. They try their best to dish up healthy food made with passion and for a good purpose – without a claim for perfection or restaurant-style service. These evenings should rather be a relaxing get-together of like-minded people who enjoy good food. Served with natural drinks, nothing can stop a pleasant summer evening.

Please reserve your place until Wednesday evening by dropping an email to the address given on our website <http://www.artevida.at/en/garden-cafe/charity-dinner> once the dates have been fixed. Thus, we can prepare the right amount of dinners. Many thanks!

# CITY WALKS

Salzburg unfolds between various city hills, 2 of which are absolutely gorgeous for retreats from the hustle & bustle down in the city. Both hills are local recreational nature areas with forests, paths and astounding views.

## KAPUZINERBERG

Kapuzinerberg is just around the corner of us. Enter Kapuzinerberg from the stonegate on Linzergasse opposite Gablerbräu. After a 5min climb you have reached the Capuchin monastery, where you find 2 viewpoints, one right at the front, the other tucked away at the back. However, you catch the best views on the walk towards Franziskischlössl on the top of Kapuzinerberg. From the monastery it's a steady 30min walk to Franziskischlössl where you get rewarded with a local inn. You find the opening hours for the inn by the stonegate on Linzergasse.

see next pages for bigger map

## MÖNCHSBERG

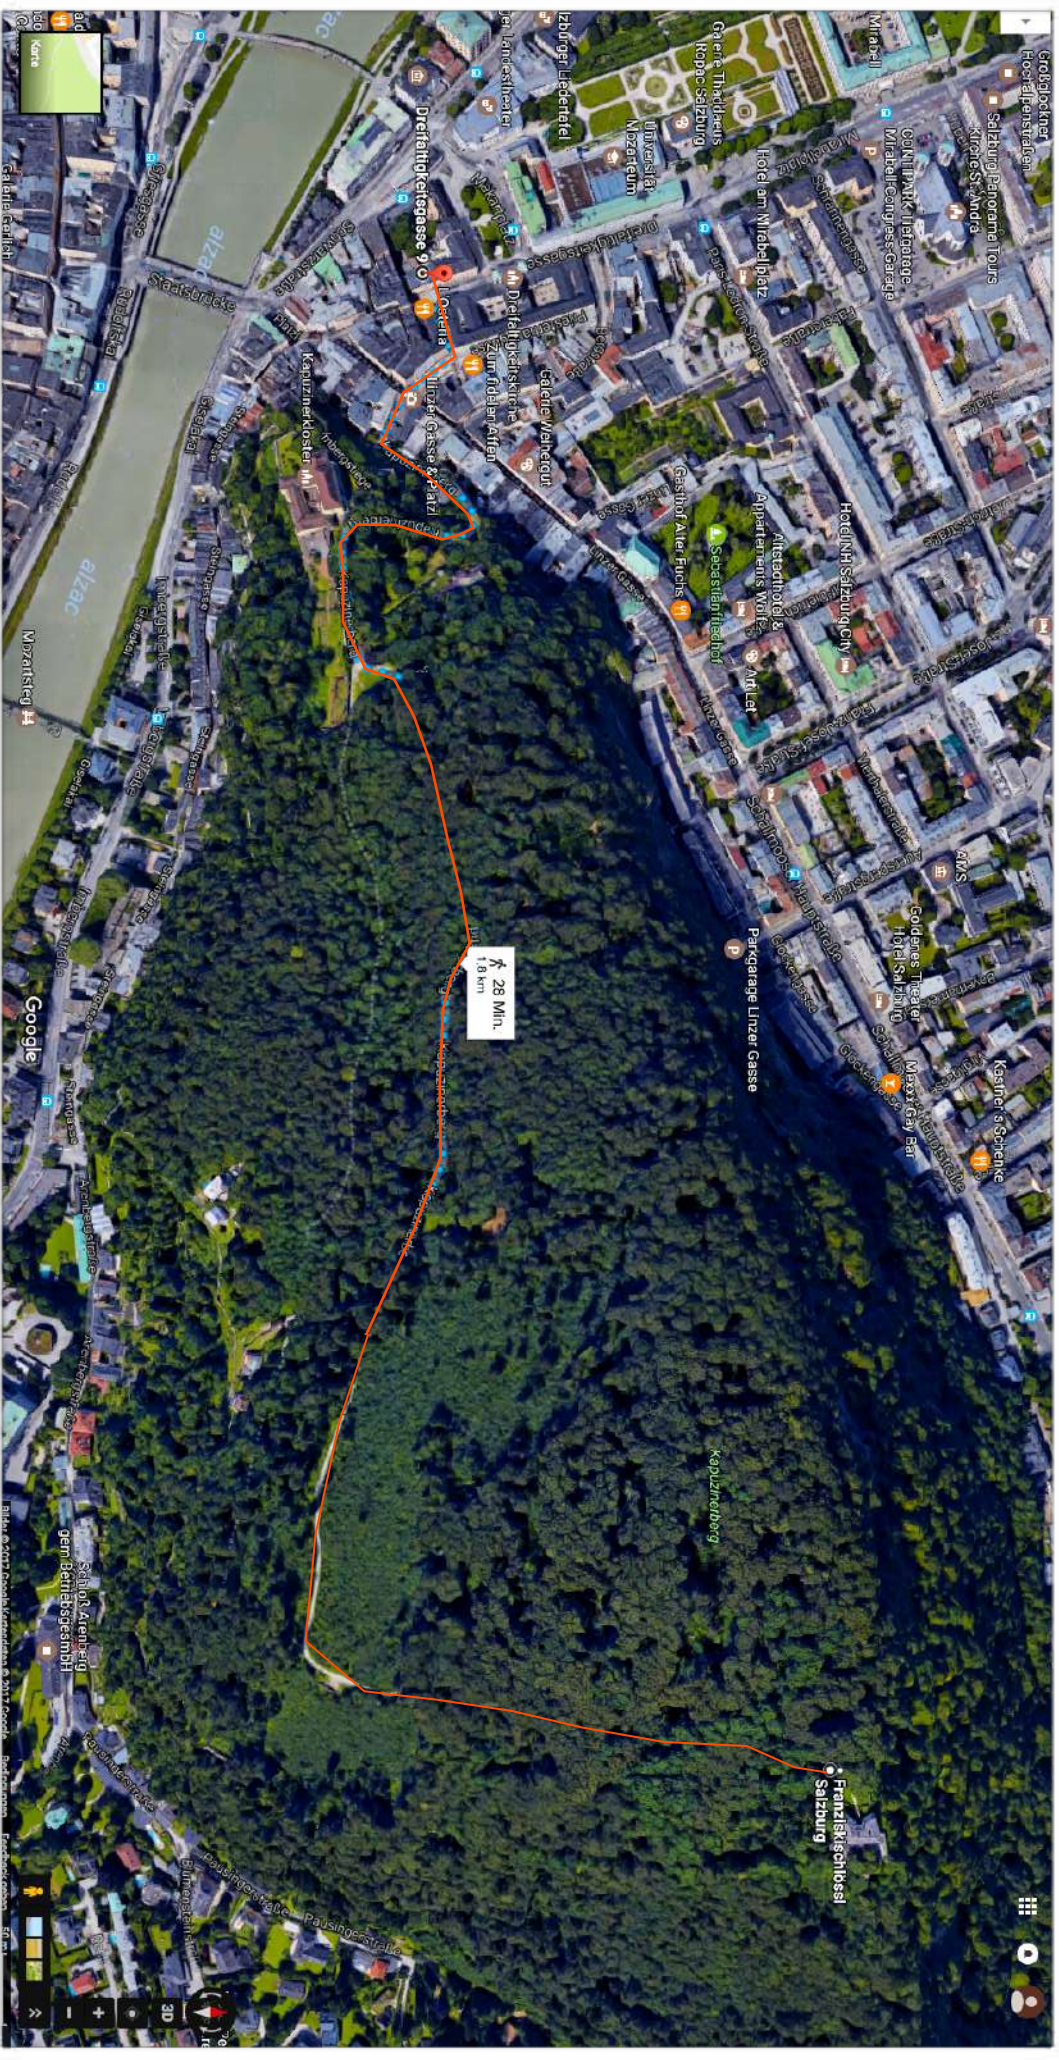

Mönchsberg is also just a stones throw away from us and is best known for the Fortress and the Museum of Modern Art. Walk to the cathedral (7min from us) and then cross Kapitelplatz straight towards the fortress. At the bottom you find Festungsgasse, a little alley towards Stieglkeller. From here it's only a 15min walk to the fortress. Once you are up there you have already reached the top. Pass the fortress on the right and walk towards Richterhöhe (10min) for astounding views into the mountains south of the city. Turn back and walk via the Buddhist Stupa towards the Museum of Modern Art (20min). After 15min you pass Stadlalm, a small inn. And just behind Stadlalm you find the Museum of Modern Art, with M32 as a fine dining spot and/or coffee place with a huge terrace overlooking the city. Either take the elevator back down into the city, or carry on walking for another 10min downhill and treat yourself to a refreshing beer at Augustiner Brewery with its huge beerhalls and beergarden. Within a 20min walk along the river Salzach you are back home at arte vida boutique guesthouse.
